2 SECTION 2, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE

subsection, the governor shall issue an executive order or proclamation ending the state of disaster emergency. All executive orders or proclamations issued under this subsection must indicate the nature of the disaster, the area or areas threatened, and the conditions which have brought the disaster about or that make possible termination of the state of disaster emergency. An executive order or proclamation under this subsection shall be disseminated promptly by means calculated to bring the order's or proclamation's contents to the attention of the general public. Unless the circumstances attendant upon the disaster prevent or impede, an executive order or proclamation shall be promptly filed with the secretary of state and with the clerk of the city or town affected or with the clerk of the circuit court.

(b) An executive order or proclamation of a state of disaster emergency:

(1) activates the disaster response and recovery aspects of the state, local, and interjurisdictional disaster emergency plans applicable to the affected political subdivision or area; and

(2) is authority for:

(A) deployment and use of any forces to which the plan or plans apply; and

(B) use or distribution of any supplies, equipment, materials, and facilities assembled, stockpiled, or arranged to be made available under this chapter or under any other law relating to disaster emergencies.

(c) During the continuance of any state of disaster emergency, the governor is commander-in-chief of the organized and unorganized militia and of all other forces available for emergency duty. To the greatest extent practicable, the governor shall delegate or assign command authority by prior arrangement embodied in appropriate executive orders or regulations. This section does not restrict the governor's authority to delegate or assign command authority by orders issued at the time of the disaster emergency.

(d) In addition to the governor's other powers, the governor may do the following while the state of emergency exists:

(1) Suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business, or the orders, rules, or regulations of any state agency if strict compliance with any of these provisions would in any way prevent, hinder, or delay necessary action in coping with the emergency.

(2) Use all available resources of the state government and of each political subdivision of the state reasonably necessary to cope with the disaster emergency.

(6) Prescribe routes, modes of transportation, and destinations in connection with evacuation.

(7) Control ingress to and egress from a disaster area, the movement of persons within the area, and the occupancy of premises in the area.

(9) Make provision for the availability and use of temporary emergency housing.

(10) Allow persons who:

(A) are registered as volunteer health practitioners by an approved registration system under IC 10-14-3.5; or

(B) hold a license to practice medicine, dentistry, pharmacy, nursing, engineering, veterinary medicine, mortuary service, and similar other professions as may be specified by the governor;

to practice their respective profession in Indiana during the period of the state of emergency if the state in which a person's license **or registration** was issued has a mutual aid compact for emergency management with Indiana.

(11) Give specific authority to allocate drugs, foodstuffs, and other essential materials and services.
